Chairman's Message

On behalf of the Heartland Group it gives me great pleasure to welcome everyone to our 27th Annual Heartland Santa Gertrudis Bull Sale.

At this year's sale, a draft of 79 quality bulls plus 4 heifers have been selected to be offered from 10 Vendors.

As I write this message I know rainfall is desperately needed in all areas of the state. Hopefully by sale time we have received good falls and everyone has a smile on their face.

In my 2018 Chairman's message I stated that I was stepping down as Chairman after last year due to my increased work commitments. At the AGM I was asked by the group to see out my last year and I decided to continue. I express my sincere appreciation to my working committee & all members for their loyal support over the last three years.

We wish all buyers the very best with their purchases. Please do not hesitate to contact the Vendor or Agent first if you experience any problems.

I warmly acknowledge PJH Livestock and Top X personnel for their continued support, and I wish all Vendors the very best with the sale of their 2019 draft of bulls.

Kind Regards
Malcolm Gadsby
Chairman

STUD NOTES

Murgona - Stud 2049

Murgona was established in 1998 and is currently run on "Burradoo", West of Wandoan, by Daniel & Kasey and our two children Taylor & Brian. Female bloodlines include Murgona, Murgo, Scotlea, Talgai, Kabunga, Diamond H, Dangarfield and Yarrawonga Waco. We are pleased to once again offer in our sale team not only a range of female genetics but also bulls. Two tried & tested Sire's are represented this year in our offering of 15 head.

Yarrawonga Jupiter (P) was purchased for \$44000 in 2014. He is breeding a very consistent line and passing his faultless temperament onto his progeny. 14 sons have sold to date for an average of \$7570. This year he is represented by Lots 8, 12-16, & 63-67.

Also on offer are Lots 7, 9, 10 & 11, sons of Diamond H Penthouse (P). Penthouse was the top price bull at the 2013 Diamond H Sale. To date, 18 of his sons have been sold through the ring for a \$9500 average. Unfortunately he fancied himself a fighter and these will be his final natural sons. In light of this we've made the difficult decision to keep his best son Murgona Legend (PP) [pictured] for ourselves. We look forward to offering you his progeny in a few years' time.

All our bulls are semen tested, breeding soundness evaluated, and vaccinated with three germ blood, three day, vibrio & 7 in 1. Murgona has a JBAS 7. If you have any issues with your purchase please let us be the first to know. We single sire our heifers in June, July & August each year. This results in them calving at approximately 2.5 years of age. We find this ends in less calving difficulties and a high percentage of heifers going back in calf when re-joined with the rest of the herd in November, December, January & February. We only join our cows for 4 months. We pregnancy test at weaning time and anything not in calf is culled unless there are exceptional circumstances. We pride ourselves on offering accurate, detailed dam notes in the catalogue to help you with your decisions. Our cattle are handled by men, women and children, dogs, horses and motorbikes.

We advertise through our Facebook page, Murgona Cattle Co, and by exhibiting cattle at several shows each year. Murgona Impress (P) claimed Supreme Champion Female at the Wandoan Show for the third year in a row & went on to be awarded Supreme Champion Beast of the Show. Murgona Kleopatra (P) received Supreme Champion Female honours at Taroom Show while Murgona Legend (P) won the hotly contested 18 month class at the Emerald Santa Gertrudis Feature Show.

MURGONA LEGEND (P)

STUD NOTES

Dunrobin - Stud 1489

Dunrobin Stud was started by Roy and Dorothy Harrison with cows upgraded from a commercial herd and have purchased females from Buckhaven, Calga West, Wirrillee and Talgai Studs.

In 2017 Dunrobin Stud was purchased by Brendan, Paula, Rowan and Lucy Harrison and has been relocated to "Bungaringa" Mitchell, running in conjunction with our commercial herd. Our Cows are controlled joined from November for a 4 month period while our heifers get a 9 week joining, to calve at 2 year old's. Cows are scan pregnancy tested at weaning time with PTE's being culled. This year sale bulls are by Allendale J18, which are the first of his progeny to be offered. Sale bulls have been supplemented since the 1st of July and will be morphology tested.

Carntyne – Stud 1556

The CARNTYNE Stud was founded in 1990 by Ben's grandfather Tom Dickson with the purchase of stud females & a sire from the Amigo Stud at Kilcoy. Santa bulls were also introduced to his commercial herd with much success. The stud slowly grew with females being upgraded from the herd and genetics being introduced from Robenlea, Kendara, Chilgerrie Hill and Goonoo Studs.

In 2004 with the purchase of "Canberra" Ben relocated to Roma and took over the Stud. He found the need for the females to have had good constitutions on the harder forest coastal country saw them excel in the Maranoa district.

Today, Carntyne Santos is a family business owned and operated by Ben & Carly Evans and their 'great little helpers' Grace & Oliver Evans. We currently run around 1500 cows over 4 properties in the Roma, Surat & Injune districts. We maintain about 100 stud females for the purpose of breeding bulls for our own stud and commercial herd, as well as for sale through Heartland and private paddock sales.

We focus strongly on breeding low maintenance cattle with good constitutions as we find this is the major influence behind high fertility and weight for age, then selecting for good temperament, carcass and reproductive attributes.

Our bulls are weaned in June/July and sent to our Hodgson property "Araluen", with all our steers, where they are backgrounded on Buffel grass and sometimes forage crops (pending seasons). They are drafted again in April/May to select the team to be prepared for sale. We feel that by treating them no differently than we do our steers, the better doing bulls stand out as well as any with poor temperament and structural faults. All our cattle are handled by men/women/children with horses, dogs (border collies and sausage dogs!), motorbikes, vehicles and on foot.

Our stud & herd sires consist of our own bloodlines, as well as sires selected & purchased from Dangerfield, Diamond H, Dunlop Santos, Murgona, Pinnaroo, Watasanta, Yarrawonga & Waco studs.

STUD NOTES

Tyndale – Stud 1882

Tyndale Stud, operated by Glen & Sharon Yeates and sons Russell and Dale, was registered in 1998. The initial registered herd was mainly females graded up from our commercial herd which had almost 30 years of breeding behind it. The females and weaners are run on forest country with no pampering. They are bred to survive. All breeders are pregnancy tested and anything not in calf is culled - no exceptions. Females displaying bad temperament are also culled. Replacement heifers are selected on structure and conformation. Those not measuring up are culled. The sale bulls are prepared on oats and rye grass to ensure they are fit and ready to perform.

TYNDALE EARTHQUAKE (P)

Spring Creek - Stud 1833

The Spring Creek Stud is operated by Andrew and Angela Doering and family.

It was registered in 1996 after our separation from the family partnership and Walmona stud.

Currently, the breeding herd is run on properties in NSW and QLD, with numbers exceeding 350 classified females and still growing.

Our selection criteria for breeding is strongly focused on commercial traits. We believe that fertility, growth, muscling, constitution, temperament and conformation are all vital criteria when selecting stud stock. We also use a balance of poll and horned sires, in order to maintain breed type and the sought after qualities Santa Gertrudis are renowned for.

Our 2019 Heartland Sale offering are first drafts from two of our newer sires, Rockingham K14 (P) who was top priced bull at Rockingham Sale 2016, and Reserve Snr Champion Bull at Sydney Show that year, and Benelkay Keenan K058 (P), selected for his scale, smooth muscling, and structural correctness.

At Strathdarr, Moree, we continue to experience one of the driest periods in modern history, and, having a reluctance for feeding our bulls early, this draft have had to do it very tough over the summer period.

However, this has refined our selection down to quality bulls which we consider to have exceptional constitutions and that we are proud to offer for sale today

Talgai Santas – Stud 1990

Max and Roz Baldwin (Yawarra Pty Ltd) established 'Talgai Santas' in 2004 after purchasing the Robenlea Santa Gertrudis Stud and property at Toogoolawah. The company's properties enterprise is managed by Malcolm & Chick Gadsby.

Talgai's operation, consisting of the stud breeding program, a commercial herd and a hay business is situated at 'The Gorge' in the Nindooibah area just outside of Beaudesert. 'Uruga', west of Allora on the Condamine River, also has a hay operation and is used to fatten steers and heifers to market through meatworks or saleyards. Two more properties, 'Cloverdale' & 'Bull Bull', situated in the Tyalgum area in NSW, and a third, 'Andrews Farm', at the Gold Coast, consist of a mixed line of commercial breeders.

Talgai's breeding objective has been to breed herd improving sires for the commercial cattle producer. The aim is to breed high growth, well muscled, easy finishing cattle to meet the market specifications. We also believe that fertility is one of the strongest traits that should be in any herd.

This year's draft of bulls is as follows: Lots 1 & 5, 61 & 62 are sired by Dunlop Palatable (P), better known to the stud as "Mr Baggy Pants". He was purchased as top price bull in 2015 at the Dunlop Santa Sale. Palatable's first four sons averaged \$10,625, with one topping the 2018 Heartland sale selling to the Bremervale Santa Stud for \$16,000. Lot 2 is sired by Strathmore F262 (PS), Lot 3 & 6 are sired by Talgai Arnie. These are the last sons of Arnie as he is now in the retirement paddock. Lot 4 is sired by Talgai Gold.

Bulls are inoculated for three day, three germ blood, 7 in 1, Vibrio and Pestigard.

Inoculations will be due again in June/July 2020. Talgai has a JBAS 7.

Scanning of bulls for EMA, RIB & P8 FAT and IMF is prepared by Paul Kenny (Accredited Breedplan Muscle Scanner 1039).

Crush side semen testing and breeding soundness evaluation is completed by Veterinarian Dr. Kurt Watter.

Chilgerrie Hill – Stud 991

Santa Gertrudis cattle were first introduced into the Chilgerrie Hill herd in the mid-1960s with the purchase of a bull from Rosevale and in the following year a bull from Yarrawonga was introduced. Before these two sires, a Hereford Shorthorn base herd was used.

After the introduction of more Santa genetics and the grading up of the herd, a stud was formed in 1974 by Mervyn and Val Mayes.

In 1998, Adam and Karen Mayes took over the stud after a reduction sale in which we purchased females from Mervyn & Val.

Chilgerrie Hill Santa Stud

Pinaroo – Stud 1150

Back in the early 70s we first tried Santa Gertrudis for an experiment to combat bloat on a heavily clovered property in Bowral. It worked, so we started buying Santas. Around the mid 70s, I started a composite breed using Santas and Angus. When I first showed them to my future father-in-law, the late Brian Bootes, he said "they're too bloody hamie".

For a honeymoon I dragged Robin around New Zealand looking for top Angus sires, which we used in an AI program.

In 1980 we moved to the Horton Valley and became much more involved with Santa Gertrudis. The composite breed sort of went by the wayside and were used in our grading up program. As we've never culled for colour we now have a herd of pure black Santas.

In 1982 we purchased 300 cows from the Cumberland Stud, along with some top older sires, eg Cumberland Ragtime and T155. Possibly the best bull we have ever bought was Boongarry Lancelot, who we used heavily, giving us great size and exceptional udders.

In 1984 we purchased Waratah 134, who bred Pinaroo Boris. Boris amassed well over \$200,000 in his 13.5 years, the most noted being Pinaroo Eureka (\$40,000) sold to J Bolster, The Lakes, Pinaroo Edgar (\$30,000) sold to Goonoo Goonoo, and Pinaroo Exodus (\$11,000) sold to the Greenup Family, Rosevale.

In 1997 we purchased 'Claren Park' Augathella where our cattle have adapted well. Pinaroo cattle have enjoyed success in the show ring, as well as carcass competitions and feedlot trials.

Whitalby - Stud 1242

Situated South West of St George, the Whitalby Santa Gertrudis Stud was established in the early 1980's with the purchase of stud females from The Triple J dispersal sale (including cows from Brae View, Bilkurra and Tara studs) and the grading up of an existing commercial Santa Gertrudis herd. The herd has progressed with the introduction of stud sires from Ingaby, OHV Kajarabie, Glenroy, Triple J, Douglas, Burradoo, Omeo, Kendara, Kooyong, Glenview, Dunaird, Santalands, Santa Lyn, Santa Park and Bullamakinka.

The stud herd is grazed on predominately buffel and mulga country, and the progeny grown out on the same, enabling our cattle to be productive in a range of different conditions. Our aim is to produce structurally correct cattle with a focus on temperament, fertility and hardiness throughout dry spells. Each of our bulls presented in this sale strongly portray these attributes.

Previously we have focused mainly on paddock sales to local buyers, who return year after year to buy our bulls. Whitalby Santa Gertrudis Stud has long been a supporter of The Heartland sale, purchasing numerous stud sires from the sale over the years. All of our Bulls are semen tested, vet checked and vaccinated against, Vibrio, Pestivirus, and Lepto.

STUD NOTES

Oakdale – Stud 1159

The Oakdale stud was founded at Boonah in 1980 and later relocated to Chinchilla in 1993. In 1983 the Brisbane and Sydney Grand Champion Female Yarrawonga Purdy was purchased.

This proved to be a very successful cow family which has had a large impact on our herd. Her best son Oakdale Forecaster also added to the quality of the cow herd with his daughters also breeding well. In recent times the most successful bull has been Oakdale Tarzan. He sired the \$22,000.00 Whiskey.

In 2009 a son of Whiskey, Talgai Castlemaine was purchased to keep this line going. He has produced cattle with plenty of length with a quiet disposition. His daughters are very feminine and productive with one daughter Oakdale Holly winning Grand Champion in Brisbane in 2013.

This year's sale bulls have been inoculated with 7 in 1, Vibrio and blooded with 3 Germ blood in June this year. Oakdale has a JBAS level 6.

OAKDALE HOLLY

Glenview - Stud 558

In 1972, Glenview Stud was registered by Graeme and Margaret Ferguson of Nobby. The stud commenced with the purchase of a sire from Old Hidden Vale and females from Taloona, Myola and Laidlaw studs.

Since the stud commenced, our females have largely maintained a strong King Ranch and Waco bloodline with sires purchased from both King Ranch and Yarrawonga – Waco.

Glenview runs around 50 breeders, with the stud now run by our son, Scott, and his wife, Wendy. Our breeders run in conjunction with the Glenn Oaks females.

STUD STOCK - AUCTION TERMS & CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9.
 - (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser
 - or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per

STUD STOCK - AUCTION TERMS & CONDITIONS OF SALE

annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.

- (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
- 10.** If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
- 11.** Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
- 12.** The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
- 13.** Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
- 14.** The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
- 15.** No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
- 16.** (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
- 17.** GUARANTEES OF FERTILITY:-
- 17.1** BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.
- 17.2** FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later.
A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- 17.3** Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
- 17.3.1** All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- 17.3.2** Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
- 17.3.3** The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
