## ATTENTION BUYERS!

**XXXXX** aim to maximise the reproductive integrity and health of their stud stock by adopting the STAR program – this is

### Steps Taken Against Reproductive disease.

Each STAR certified animal in this catalogue has been

- Tested to show that they are not Bovine Pestivirus Persistently Infected (PI) animals
- Vaccinated against Bovine Pestivirus to ensure they are protected to the effects of this infection
- Vaccinated against Leptospirosis, a potential reproductive and WH&S risk for cattle handlers
- Vaccinated against Vibriosis, a sexually transmitted cattle disease
- Given 2 vaccinations to ensure they have immunity established prior to leaving these premises
- Issued with a STAR certificate – valid for 12 months

You can be confident that every step has been taken by **XXXXX** to ensure that these animals presented for sale will not introduce preventable reproductive diseases into your herd.

# WALMONA SIRES

## **Waco Yunus (P)**

Yunus was purchased in 2010 for his fantastic temperament, growth and structural correctness. Over the years, he has produced prize winning progeny and a large number of stud females that have been retained in our herd. We have also sold a number of bulls sired by Yunus, with a large portion of those being polled. This year will be the last opportunity to purchase sons of Waco Yunus (P).

## **Walmona United 1407 (PS)**

United was retained as a stud sire and used over heifers from the beginning. His growth for age, excellent muscling and structural correctness were critical factors in our decision to use this bull ourselves. Over the years, he has produced cattle with great carcass attributes, structural correctness and tidy underlines combined with breed character.

## **Yarrowonga J1308 (PS)**

J1308 was purchased in 2015 for his incredible muscling, structural correctness and breed character/tropical skin. We have been extremely pleased with the muscling of his progeny and their fantastic coats, as well as small birth weights, combined with fast, early growth.

## **Yarrowonga Executive K274 (P)**

Executive was purchased in 2016 for his exceptional EMA of 151cm, growth for age, and overall balance. The first of his progeny will be on offer this year and we are pleased with how they are progressing. So far, they have displayed fantastic growth, good temperament and overall structural soundness and balance.

# FUTURE SIRES

## **Waco Morris M192 (P)**

Morris was purchased in 2017 for his fantastic muscling, temperament and overall structural correctness. We saw his first drop of calves in 2018 and are very pleased with how they are growing and developing at the moment. They are well muscled, inquisitive, and have good growth for age. The first of his sons will be on offer at our bull sale in 2020.

## **Walmona Xachary 1711 (P)**

Walmona Xachary was kept for his softness, good muscling, great coat type, and fantastic growth for age, as well as his quiet temperament. In 2018, he received Reserve Senior Champion bull at the Royal Adelaide Show and weighed in at 1105kg, with an EMA of 130cm. He is currently with the heifer mob and we hope to see some good calves on the ground later in 2019.

## **Yarrowonga N264 (PS)**

N264 was purchased at the 2018 Yarrowonga Waco Sale. His carcass appeal, structural correctness, and exceptionally tidy sheath, while displaying very good breed character, is what caught our eye, and we are very excited to see what type of calves he produces in 2019.
