BULLAMINKA

Bullamakinka Stud was originally commenced in 2006 with the grading up of females and the purchase of select stud females from Erin Vale, Kelly Wallah, Moongana, Santa Park, Douglas, Yarrowonga-Waco, Marston, Wave Hill, Warena, Deepbank, Cardona and Killarney. This season we will join 600 stud cows and heifers with our leading sires and implement an AI program to introduce new genetics.

We are committed to producing easy doing fertile, soft cattle with good muscle and thickness, frame, bone and breed character with slick tropical coat.

DIAMOND H

The Hatton family have been breeding Santa Gertrudis for over 40 years. The Diamond H Stud was established in 1993 with Yarrowonga and Waco bloodlines.

The Hatton family run pure bred commercial and stud herds over 5 properties in the Wandoan and Auburn River districts, north of Chinchilla. Their cattle country comprises of a mix of brigalow, ironbark, sandalwood and vine scrub, grassed predominately with buffel and some lighter forest areas.

Diamond H continues to proudly promote the Santa Gertrudis breed by annually exhibiting at the Royal Queensland Show. This year Diamond H received most successful exhibitor at the Emerald Feature Show.

Recent sires have been purchased from Waco, Glenn Oaks, Wave Hill, Warena, Munnabah, Hardigreen Park, Yarrabee, Dunlop and Strathmore studs.

GLENALBYN

Celebrating 50 years, Glenalbyn stud (no. 466) was established at Bourke NSW when classified Santa Gertrudis bulls were introduced to our Poll Hereford cows in the mid 1960's. This resulted in Mick, Poppy and Howard Courts registering their stud, Glenalbyn, in 1969. Stud cows were then purchased from Yarrowonga and sires from Pampoola, King Ranch and Spring Creek.

In the early 1980's sires were purchased from Swan Hill, Robenlea, Rosevale, Watasanta and the final King Ranch sale. In the late 80's more females were purchased from Yarrowonga.

Bulls and females offered today are sired by Glenn Oaks Jetlag and Warena Kingston

purchased in 2014 and 2016 respectively. Other studs' sires introduced include Burrumurra and Dennial.

Five years ago, retaining all its females, Glenalbyn Stud relocated to Wellington, NSW. We believe that these genetics produce cattle that can adapt to all conditions and reproduce every year. The cattle produced are soft, sound and easy doing that can manage tough conditions.

2019 has been a successful year for Glenalbyn where much of NSW and Queensland are experiencing consecutive dry years. Our commercially orientated S bulls sold for an average of \$4795 and we have topped the market with CFA cows and cull heifers through Dubbo Regional Livestock Markets.

GLENN OAKS

Glenn Oaks was started with females from Kabunga West and Bilukura Santa Studs. The late Bruce Perrett was very generous and looked after me well at the Big S sales.

Glenn Oaks females have always been run in conjunction with the Glenview Stud and early sires were from King Ranch and Yarrowonga-Waco.

We have consistently had success at Royal and Feature shows winning many broad ribbons. We have been fortunate to breed and sell bulls successfully that have gone onto breed for their purchases including names like Farmhand, Z77, Braveheart, Banker, Cooper, Drayton, Granville, Hastings, Jacobite, Jack Hammer, Jibba, Jabba, Jumbo Bwana and King Pin that have all sold for consistent prices into studs.

It is particularly pleasing to see Glenn Oaks bloodlines appear in pedigrees of sale cattle in 2017 for studs such as Waco, Jamar, Yugalbar, Glenalbyn and Yarrabee to name a few.

Recent sires from Yarrowonga, Waco, Diamond H and Dunlop have bred consistently for us. Not forgetting Yarrowonga Oberg daughters have been the most consistent breeders we have ever had. During the last 2 years sires have been purchased from Diamond H R47 and Munnabah Iron (with Warena) these weaners are looking very promising.

2016 saw the purchase of Diamond H Red Foo (with Warena and Wave Hill). We are enormously happy with his athleticism and constitution – seeing his first calves now on the ground.

2017 we purchased (in partnership with Warena) Waco Murdoch and Waco L596.

GOOLAGONG

Breeding quality beef is something that comes naturally for the team at Goolagong Santa Gertrudis at Warnertown, South Australia, with Brian and Heath Tiller being involved with beef cattle their whole lives. The stud has been through several changes since it purchased the original 17 Santa Gertrudis cows, three heifers and bull in 1979, and over the years Brian and Heath have worked hard to introduce the right bloodlines to improve the herd's confirmation, growth for age and fertility.

Using some of the leading genetics throughout Australia with AI and standing sires, we aim to produce cattle that have very good phenotype, that are structurally correct and have good figures to back them up. Our stud has continued to incorporate the latest technologies in artificial insemination (AI) and embryo transfer (ET) programs this season. This has given us the opportunity to use the best genetics possible, to produce bulls with elite traits and characteristics.

The stud is continuously improving the quality of its herd by adhering to the Santa Gertrudis breed standard and showing cattle at various country shows and the Royal Adelaide Show. In 2014 we also started showing bulls at the Royal Brisbane Show. We have had many successes at these shows. We also have been selling cattle successfully at the Santa Central Sale since 2014.

JARRAH PARK

Jarrah Park Santa Gertrudis is located on "Wilga" near Bellata NW New South Wales. Mike purchased his first Santa cow in 1998 and from then has always had a love for the breed. Mike and Danni registered Jarrah Park in 2009 shortly after their first child Angus was born. Over the years we have purchased females from Kelly-Wallah, Warendia, Cardona, and Rosevale. With a solid history in the feedlot industry, Mike and Danni have a passion to breed cattle that are not only classified and structurally correct, but will go on to produce quality beef. Top Sale Successes include Jarrah Park Keplar (P) sold for \$20,000 to S Kidman & Co Roma Jarrah Park Malibu M21 (P) sold for \$38,000 to Mantuan Downs, Springsure.

TOOKEY CREEK

In the late 70's Ian and Louise moved to "Wilga" on the black soil plains near the small township of Bellata, North Western New South Wales

where they fell in love with cattle, farming and Santa Gertrudis.

Tookey Creek Santa Gertrudis Stud was founded in 1987, after Santa heifers were introduced from their great family friend and mentor "Uncle Arthur" (the late Arthur Kirkby). The love of Santas quickly grew, and it wasn't long before a Santa herd was developed and the stud registered shortly after. As the stud advanced associations grew with the likes of Kensit Kelly and Gordon Bevan who became great family friends and mentors.

Over the past 35 years we have been fortunate to have had many successes in both the show and sale ring. The pinnacle of show highlights would include Tookey Creek Geronimo (P) winning Supreme Exhibit at Sydney Royal Easter show in 2014. In the sale ring we are very proud to have sold bulls to many studs over the years as well as to commercial operations. Tookey Creek Bulls have been sold to Hardigreen Park, Yarrowonga, Dangarfield, Glen Leigh and more recently to Yulgilbar Stud in 2017 who purchased Tookey Creek Malta (P), son of Waco Einstein K808 sold for \$47,500.

This is a rare offering of Tookey Creek females. They have been well looked after during the drought and have always been in top condition.

WARENDIA

The first Santa Gertrudis bull was purchased in 1965 and a commercial herd was established. This was the base of the Warendia Stud registered in 1984.

Many sires have been purchased over the years. Recently, Bullamakinka Hallmark (P), Munnabah Iroman (PS) Diamond H Red Foo (P), Waco Murdock and Bullamakinka Nick (P). AI Programs have also been conducted.

Warendia Stud commenced showing in 1990 and met with success in regional shows, breed feature shows and Royal Shows. Broad Ribbons have been won at Brisbane, Sydney and Melbourne Royals with both heifers, cows, junior and senior Bulls.

Warendia Stud conducted an on property sale for 12 years until 2009. Sales were successful with good clearances and loyal repeat buyers with bulls selling to studs. The stud herd was reduced in 2009 and Warendia has been selling at the Santa Central Sale since with a bull average of \$10,304 for the last 10 sales.
