

**HARDIGREEN PARK**  
SANTA GERTRUDIS

**2022 SUPPLEMENTARY SHEET**

All bulls were weighed and scanned on the 25<sup>th</sup> June 2022 by Roger Evans of Bovine Scanning Services Tamworth NSW. Vet check, scrotal measurements, semen motility assessment and pregnancy testing was carried out by Quirindi Vet Clinic NSW. Semen morphology assessment by Queensland Sperm Morphology Lab Goondiwindi QLD. Sale bulls have had a light grain supplement and have been grazing on forage oats for the last 7 weeks. DWG calculated with 32kg deduction for birth weight.
