Welcome

CALLANDOON ANGUS WELCOMES YOU TO OUR 2ND COMBINED SALE AT ROLLESTON WITH JOINT VENDORS TIM & TRINA PATTERSON OF BROAD LEAF SANTA GERTRUDIS STUD.

What a great year to be in the cattle game – higher prices than we’ve ever seen, and the rain just seemed to keep coming.

This year our bulls have had a slightly different preparation to last year’s bulls. These “R” bulls have been on leucaena throughout the summer months and then on to a bumper oats crop. They have been ploughing through a bit of mud at times. 6 weeks before the sale they will go onto a light grain ration and vetch hay; along with their frosted, grassy paddock. We aim to have our bulls looking good but certainly not overdone. They will be fit and ready to work.

One of our leading sires, M163, who is well represented in this sale again, has injured himself halfway through the breeding season. He will be greatly missed. The new sire we purchased last year, Milwillah Remington, covered his maiden heifers with an 87% PTIC rate. We look forward to seeing his calves on the ground. Our older cows came in at 96% PTIC.

We feel our bulls are of a consistent, even line this year. Even the younger bulls later in the sale have plenty of shape and bone. All bulls have been semen tested (all passed with great results) and morphology tested by Ced Wise. They will be fat scanned and vaccinated with 3 Day, 7/1, and vibrio as well as being dipped, ready to clear into clean areas. Thank you for your interest in our bulls and we look forward to helping you this year.

Team Callandoon.

Future Sires for next year's Sale

Reference Sires

Gilmandyke Reality M163

SIRE: Matauri Reality 839

DAM: Gilmandyke Rado

M163 has been our leading sire. He is well represented in this year's sale, but unfortunately has injured himself halfway through the breeding season. He will be sorely missed. He was a pleasure to do anything with. His sire's progeny can be seen all through the Angus Studs in the south.

Kansas Evidently N7

SIRE: Kansas Evidently J81

DAM: Kansas Rocky K6

N7 was a top price bull from Kansas Angus. He has bred well for us. He is quiet and easy to handle.

Gilmandyke Guardian N12

SIRE: Premier Guardian J12

DAM: Gilmandyke Gamma Gria E105

N12's sire, Premier Guardian, is by SAV Network, one of USA's top Sires. He has 11 bulls in our sale this year. He is very quiet and easy to work with.

THANK YOU FOR ATTENDING OUR SALE AND WE WISH YOU WELL WITH YOUR PURCHASES.

Welcome

WELCOME TO THE SECOND ROLLESTON SANTA GERTRUDIS & ANGUS SALE.

Along with Glen and Loy McKinlay from Callandoon Angus, we have put together a bigger catalogue of bulls for your selection, bulls that are bred in Central Queensland to perform in the Central Queensland environment.

This year's sale team of Broad Leaf Santa Gertrudis bulls have enjoyed a wonderful crop of oats to finish on after being weaned into a fairly challenging season and are now looking fit and well. Adam Wise from Ced Wise AB Services was impressed with the results of the crush side evaluation of our bulls this year and they have again delivered with an impressive laboratory morphology result at Rocky Repro. This is a testament to selecting the right genetics and the emphasis we have put on reproduction over the years. Our herd has been largely upgraded from generations of commercial breeding, and while they may lack the pedigrees of some stud cows, there has been little opportunity for free loaders.

We have once again used Lonnie Stone Scanning Services and Ced Wise AB Services for both the Callandoon Angus and the Broad Leaf Santa Gertrudis bulls to produce consistent data for our supplementary sheets.

Tim and Trina have long been proud supporters of our local community and community events. We are currently supporting the Rolleston Campdraft, Springsure Cattle Camp, Springsure Show and are active members of the Rolleston Tennis Club. Tim is the local representative on the Central Queensland Agforce Council and Trina collates the "Rolleston Rag", is a moderator on the local Rolleston social media pages and volunteers her time and skills to take photos at local events such as the Springsure St Patricks Day Races, Springsure Mountain Challenge, and Springsure Cattle Camp for the promotion of the community.

We recognise and appreciate the opportunity that the Rolleston Livestock Selling Complex has given to the local livestock vendors and encourage you to all support today's canteen as they raise funds to go towards our local art gallery space in Beasley Park.

We look forward to catching up at the sale and wish you well with any purchases.

Tim, Trina and Family.

Lockyer is by Dangarfield Tycoon who produced lots of good quality cattle at Greenup/Eidsvold Studs. He is a large framed bull with an exceptionally quiet nature. Greenup Asha (P) has 11 naturally sired calves recorded.

Broad Leaf Q43 (P)

SIRE: Sire Rosevale Jackaroo J566 (P)

DAM: Broad Leaf M89

An AI son of Rosevale Jackaroo J566 (P). Dark coated thickset bull with a very quiet nature. We are looking forward to seeing more of his progeny in the future.

Rosevale Kingswood K296 (PS)

SIRE: Wightfield Downpour G21(P)

DAM: Rosevale Jade E407(P)

Kingswood has a strong pedigree of performance on both his sire and dam lines.

Broad leaf Kingdom J23 (PS)

SIRE: Rosevale Empire E464

DAM: Broad Leaf G226(P)

Kingdom is the result of an AI program. Like his sire he has produced consistently high morphology results. This yearss morphology was 98%. G226 was graded up out of the commercial herd, first calved at 2yr old has had 9 calves and is still active in the herd.

Broad Leaf L09

SIRE: Rowanlea Dinkum D56

DAM: Dam Broad Leaf 60

Used in our commercial herd, brought in to cover a stud sire.
