Welcome to Dunlop Santas

The Dunlop family runs some 1400 purebred females across several properties in the Brisbane Valley and South Burnett. Of these females, approx. 700 are classified.

While Rebecca and I are the principals of DUNLOP STUD, a large portion of its success can be attributed to my parents Lance & Helen. Lance quickly identified the superiority of the breed, first purchasing Santa genetics in the late 1950's and holding the course ever since. While not one who sought recognition, Lance was acknowledged by many as a fine judge of a beast who not only had the ability to pick them, but to breed them as well. Dad himself had no great desire to be involved in the stud stock industry, however he always strived to purchase the best that it could produce. When I first established the stud, he did make the comment "you are bugging up those good show bullocks by leaving the stones in them". Since then we have sold several of these "bullocks to be" for well over \$40,000, something that I see as recognition of several decades of his superior selection.

We have built a herd on strong industry genetics with a broad genetic base as we continually purchase good quality bulls every year. Our females are run on Ticky Forest country across the South Burnett and Brisbane Valley. They are bred to perform

under all conditions and need to meet both the stud and commercial duties. In addition to using a variety of sires from different genetics, we also try and implement an annual AI programme, season permitting, involving 100 of our top end maiden heifers.

Something I see as unique to our stud operation is that **100% of the breeders are run on ticky forest country**. While this may disadvantage us in comparison to most other seedstock producers, we believe it is an advantage to our clients as most of the bulls will be going back to what we consider "breeder" country and not "scrub/bullock" country.

We want our Bulls to give our clients the flexibility to either sell weaners straight off their mothers or be grown out to Jap Ox, whilst maintaining fertility and performance with the females, which is equally as important to us.

Once again, we would like to invite you to "Jingeri" on Saturday 3rd of September to inspect our line-up of bulls and more importantly, enjoy a cold beer, steak burger and some good company.

Regards

**SCOTT, REBECCA
RILEY, JACK & HARRY DUNLOP**

The Bulls ... A GREAT TIME TO BE IN THE BEEF GAME!

A much-improved season and very solid cattle market throughout 2022 has offered great rewards to cattle producers. On a personal note, we have sold lines of heavy feeders to average \$2800 and cull cows more than \$3,000. It has also been very pleasing to join in our clients' successes with many achieving over \$2,000 for their weaner steers and some surpassing \$2,200.

This year we offer 125 rising 2 year old bulls from 24 sire lines. While we do single sire mate several mobs of cows, we believe that our multiple sire herd is a great strength. Due to the size and topography of many paddocks, along with the availability of surface water, multiple joining of larger mobs is more practical than single siring. This also creates a form of natural selection with the most active bulls getting the majority of the calves. There are sires used in the multiple herd that were purchased for prices in excess of \$30,000. These bulls are also the sires of many of the females that may be recorded as having multiple parentage. The bulls in the sale are sire verified through DNA testing. We are increasingly relying on DNA testing with a growing amount of our cows now being profiled.

While last year's mob of bulls were born into the drought, the bulls for sale this year were conceived in the drought, with the first rains not coming until late summer. While some of the bulls are a little younger than normal, they still possess the same genetic potential. With an improved season during our recent joining period, we have seen these very same cows and the mothers of this offering achieve pregnancy test rates in excess of 90%. These are wet cows rearing a weaner, not dry cows or heifers.

The improved season allowed us to run the bulls on grass during the recent Spring/Summer before they gained access to a Lab Lab/Forage Sorghum crop. They were run in large mobs of up to 170 head. While this is not an ideal number of bulls to have in one paddock, it is what the availability of paddocks and paddock size dictated. It simply applied another selection pressure. The fact that the bulls have endured setbacks and periods of limited feed is something that we hope should set them up for future challenges.

Once again, we have been fortunate enough to grow an oats crop. In years gone by there have been complaints about lack of moisture, this year they revolve around too much! That's farming. The oats has excelled in the conditions while the bulls have struggled at times ploughing through the mud. We do acknowledge that we are luckier than some who did not get a crop in due to the unseasonably wet conditions.

I apologise in advance for the photographs, it has been a struggle to place the bulls in a place where the oats isn't up to their ribs.

The bulls were put onto oats in early June and **by Sale day will have had a little over 80 days continuous grazing on the oats**. The bulls are put on the oats to graze it, not just a photo opportunity.

We deem this part of their preparation as extremely important. The bulls must know how to forage. Coming out of the paddock and off a forage based diet also allows a smoother transition to their new homes, as opposed to those that have been confined and fed a grain based diet.

ANIMAL HEALTH

Bulls are vaccinated for:

- 3-day Sickness (June and August 2022)
- 7 in 1 (June and August 2022)
- Pestiguard (June and August 2022)
- 3 Germ Blood (2021)
- Vibriosis (June and August 2022)
- Botulism (June 2022)

FIRST RELEASE SIRE

GREENUP PATRIARCH P78 (PP)

Patriarch is a dark coated powerfully built homozygous poll bull. Which ever way you look at him you can't help but admire his capacity and power. It is rare to find a bull with so much muscle that is also easy doing with the ability to lay down fat with ease. These attributes coupled with a tidy underline and large testicles have allowed him to achieve a high strike rate in his first crop of calves. He was multiply joined, with his calves being determined by DNA. With 14 sons in the sale, plus a number in the paddock bulls, it is fair to say that he has earned his keep.

Represented by lots 1,44,47,51,63,70,75,82,92,95,109,110,115,117

GLENN OAKS PAPRIKA P74 (PS)

Paprika(PS) was one of the youngest bulls in he draft when he was purchased. What attracted us to him was his tremendous balance which in turn is a testament to his structural soundness. While only a baby, we could still identify his potential. He has grown into a large sire with great depth and spring of rib. His early identified qualities of balance and good temperament still remain.

Represented by lots 66,93

BULLAMAKINKA P184 (PS)

We identified him as the best bodied bull in the Bullamakinka draft of that year. He fulfilled the basic principles of length, depth and breadth that we constantly base our selection upon. The fact that we bred his sire and knew his worth, helped us make the decision to invest in P184(PS). His natural power and thickness coupled with a desirable skin type have helped him make a valuable contribution in his first season of calves.

BULLAMAKINKA KONG K276 (P)

Purchased for sale top price of \$30,000 in 2015. He was selected for his growth, strong tropical outlook, length of body, clean underline and faultless temperament. We thought him to be one of the best fronted bulls we had seen for some time. He has passed these traits onto his progeny. His most outstanding attribute would have to be his calf getting ability. We joined him to 74 females in his first season, with 71 returning a positive pregnancy scan. In his second season he settled 62 out of 65 cows, all of these being wet cows with calves. He achieved another 95% preg test on his cows this last season. 45 sons have sold at auction over the past 4 years averaging \$15,021. On top of this has been numerous paddock sale bulls.

Numerous sons have gone on to perform stud duties. It is however his daughters that are beginning to prove valuable. Kong(P) is showing up more and more as the sire of sale bulls' mothers.

Represented by lots 20,35,59,94,100,126

DANGARFIELD ZORO Z151 (P)

Purchased in 2017 for \$35,000. A polled son of the well performed Dunlop Kalahari. While he does not possess the usual scale of the Kalahari's, he does possess an exceptional carcass. Great thickness of body and shape through the hindquarter. Strong head and outlook coupled with dewlap, flank and strong bone.

EAT MORE BEEF

SIRES OF SALE BULLS

GLENN OAKS MAGNATE M81 (P)

Magnate was purchased in 2018 for \$60,000. He was the top priced unled Santa bull for the year. A dark poll bull with an impeccable temperament. Tidy through the underline with a clean set of testicles. We were particularly attracted to his balance and structural soundness. He has grown larger than we first anticipated and appears to be injecting this growth into his calves. His first 7 sons sold in 2021 to average \$17,142

Represented by lots 5,7,8,30,34,36,40,98,106

DUNLOP SONNY N364

We retained N364 as we considered him to be the best bull of his year drop. A strong bodied horned bull with an impeccable temperament. A bull that while having a tremendous amount of growth , he also has great finishing ability. Width of frame and spring of rib are also some of his redeeming features, along with perfect feet and legs.

Represented by lots 83,84,86,87,88,111

DUNLOP PERSEUS J398 (P)

A dark coated, large frame sire that has stood the test of time and is still active in the herd at 9 years of age. He was retained to carry on the Yardstick bloodline which had already proved to be particularly successful for us.

Represented by lots 14,31,69,104,105

DUNLOP SNAPDRAGON N82 (P)

Snapdragon was one of the youngest in his contemporary group. As time went on it was evident that he was a bull of great capacity. He possesses a gentle disposition, broad strong poll head, heavy bone and large testicles.

Represented by lots 16,122

GREENUP JUSTICE J020 (PP)

The top priced bull at the 2014 Greenup Eidsvold Station sale. He is a lighter coloured homozygous poll bull. He has a smooth muscle pattern with good coverage. He possesses an impeccable temperament.

Represented by lots 28,43,48,49

DUNLOP RANCHER M198

A horned bull with a solid body and strong bone that possesses an exceptional temperament.

Represented by lots 32,45,76,101

SIRES OF SALE BULLS

DIAMOND H VEGEMITE V158 (P)

Purchased for \$36,000 out of the Santa Central sale. We were losing bidders when his sire was sold, this giving us confidence to invest in Vegemite(P). A dark coated bull with a strong poll head, big ears and loose dewlap. A sire that possesses a tremendous amount of style and presence.

Represented by lots 24,26,27,29,91,118,123

HARDIGREEN PARK URANUS (P)

Another sire that was purchased in 2018. He was Rebecca's pick, and what a pick he turned out to be! Rarely do you find a strong poll sire with this amount of both muscle and finish. He also possesses great length of body and stands on strong bone. He is a true carcass sire. A dominant bull that puts a real stamp on his progeny. Due to circumstance, he did not get the opportunity that he deserved in his second joining. He should have a large contingent in next years sale, which will unfortunately be his last offering due to his unexplained death after his third joining. In 2021 he had 9 sons sell to a top of \$26,000, and average \$17,111

Represented by lots 9

HARDIGREEN PARK TRACER L146 (PS)

A son of Brisbane RNA champion Wave Hill Jager(P) and out of a Dunlop Kaiser cow. Tracer is a dark coated upstanding bull with great balance. Plenty of bone in this sire.

Represented by lots 10,12,15,21,39,53,54

RIVERINA LORD MAYOR (P)

Another sire that was purchased in 2018. Purchased out of the Yulgilbar sale for \$31,000. A dark poll sire with a fine tropical skin. It was however his very strong muscle pattern that attracted us. He is wide over the top with a butt profile stronger than most.

Represented by lots 46,52,58,60,61

WARRILLEE K17 (P)

Not wanting to get caught up in the trend toward “tight,trim cattle” we bought this bull. Broad head, depth of rib, volume through the middle and fine tropical skin is what attracted us to him.

Represented by lots 4,18,90,103,125

VALLEYVIEW LUKE 1546 (P)

Top priced bull at the 2017 Wandoan Sale, purchased for \$22,000. A very docile bull with an exceptional amount of carcass. You don't see many bulls with a butt profile as good as Luke. A fine tropical skin and large scrotal are other desirable attributes of Luke.

Represented by lots 2,62,108

SIRES OF SALE BULLS

RESTDOWN JR245 (P)

A quiet natured heavily muscled son of Yarrawonga Oberg(P). The capacity and muscle in this bull is something to be admired. A poll bull with a great amount of shape and carcass.

Represented by lots 17,56,57,67,72

YULGILBAR KINGSVILLE K118 (P)

While Kingsville(P) has only ever been multiply joined, he always seems to come up with a number of sale bulls. He is a well muscled poll bull with a fine skin type.

Represented by lots 13,33,113,121

GLENN OAKS PONGA (ET) (AI)

Ponga was purchased out of the Santa Central sale where he was one of the youngest led bulls. He is sired by the high priced Warendra Kilamanjaro(P). While his breeding was appealing, it was more his exceptional length that drew us to him. Sadly Ponga met with a premature death during the off season and is no longer with us.

Represented by lots 65,81,96,119

YARRAWONGA N288 (PS)

N288(PS) is a growthy long bodied sire with a desirable skin type.

Represented by lots 42,71,73,97

AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon the following terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "no Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "no Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
 - (a) All Sales will be conducted on the basis that the bid price will be exclusive of Goods & Services tax (GST). GST will be added to the bid price after the fall of the hammer for those sales subject to GST.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore, to:
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) no lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9.
 - (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.
 - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

AUCTION TERMS & CONDITIONS

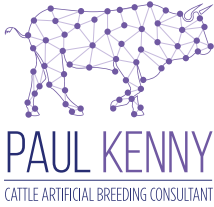

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
- 17. GUARANTEES OF FERTILITY:-**
- 17.1 BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.
- 17.2 FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- 17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
- 17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- 17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
- 17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
- 17.4 LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.
- 17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.
- 17.6 This guarantee shall be voided by the purchaser if -
- (a) The animal is returned to the vendor -
- (i) in poor physical condition or with any injury;
- (ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or
- (b) the purchaser has collected and stored semen from a bull or embryos from a female.
- 17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.
18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
- (b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
20. In these Conditions:-
- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
- (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
- (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
- (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

Tips for managing your new Dunlop Bull

CONGRATULATIONS on purchasing a Dunlop Bull, we appreciate your support and know that you have taken another step to “improving” your herd. Bulls are a large investment for any breeding herd and they have a major effect on herd fertility. Bulls also represent your future earning ability so below are a few tips to maximise your Bull’s progeny producing outcome and thus your hip pocket.

In general, our bulls are handled by us on horses and educated using dogs and usually in a large mob, so do not have a lot of “one-on-one” handling. Sale day can be quite stressful for some bulls. They are often split from the mob and trucked within hours of being purchased, often by themselves – which again adds more stress and can result in even the quietest of animals becoming upset.

Try and have some cattle in the yard on arrival, especially if the bull has travelled alone. Holding him alone in a yard will not help his transition.

It’s preferable to mate young bulls together. For example in our operation, we tend to put our new young bulls in a multi-sire scenario with our maiden heifers or in a single sire

paddock. When young bulls are placed in mobs with older bulls they can be dominated and even worse, injured, thus may not seem like they are working.

Two year old bulls are still in their growing phase, they are often cutting teeth and tend to be more physically active chasing and riding cows, so they will lose condition quite quickly in their first joining season. Its important to look after young bulls following their first season to help prolong their reproductive lifespan. Bulls will continue to change teeth, grow and mature for the next 12-24 months after purchase. All this while servicing your all important females. While only a small percentage of your herd on a numbers basis, they are in fact 50% of your breeding herd on a practical basis, therefore it is very important to give them as greater chance as you can nutritionally to allow them to perform to the best of their ability.

You purchase one of our bulls knowing he has had all a full vaccination program, passed his semen and morphology test and is physically sound. We have done all we can to set him up for a long working life.
