Pre-Sale Videos / Information / Inspections

Broad Leaf Santa Gertrudis bulls are running at Bottle Tree Downs, 20kms west of Rolleston. Inspection of these bulls is encouraged and can be arranged with Tim prior to the sale. For consistency, we have once again engaged Lonnie Stone Scanning Services and Ced Wise AB Services to produce accurate data for our supplementary sheets.

Callandoon Angus bulls are running 28kms south of Springsure. Inspection of the bulls is most welcome prior to the sale by arrangement with Glen. For the first time, we have EBV's available on some of our bulls. Head to Angus Australia's database search and use Callandoon Angus herd ident "CDO21S" followed by the bulls identifying number to access the information.

The bulls will be penned at 9am ready for your inspection on sale day but inspections will also be available on Sunday 10th September 2023 from 10am at the Rolleston Selling Complex.

Delivery

Delivery can be arranged. Please discuss your delivery requirements with Tim, Glen or the selling agents.

Terms

This auction will be operating under the ALPA association terms and conditions of sale.

Refreshments

A canteen will be available on sale day.

We invite you to join the Rolleston Santa Gertrudis and Angus Bull Sale team for a cool drink and a catch up at the closing of the sale.

Health and Vaccinations

All Broad Leaf Santa Gertrudis bulls have been vet inspected and semen morphology tested. They have all been vaccinated with 7 in 1, 3-day sickness, Vibrio and 3 germ blood. All bulls have been pre-treated for ticks and are ready to clear into clean zones. Bottle Tree Downs is jbas 7 compliant. A supplementary sheet will be available with weights, EMA and fat scan information on the day.

Broad Leaf
SANTA GERTRUDIS

Welcome to the Annual Rolleston Santa Gertrudis and Angus sale.

At Broad Leaf Santa Gertrudis, we are unwavering in our efforts to improve our herd.

With an impressive line up of future sires, the business consistently introduces new genetics, without compromising its strict standards on temperament, fertility, structure, market sustainability and adaptation to the Central Queensland environment. This commitment is positively reflected in the sheer number of cattle that we have classified this year, both heifers and bulls.

In 2023, our sale team offer a large selection of sires to choose from, including an impressive line of bulls by Broad Leaf Quinton Q43 (AI) (P), an AI bull sired by the legendary Rosevale Jackaroo J566 (P).

This year's sale bulls were weaned onto a good oats crop, followed by a dry period up until late January. During this time, they had access to a high roughage ration. They then went onto forage sorghum until the 7th of July, before being rotated onto a good oats crop. A commercial bull ration was introduced late July to prepare them for the sale, yet ensure they remain fit for purpose.

The season has been favourable most of their lives, which is reflected in the growth, weights, maturity and development of this year's line up.

We have once again used Lonnie Stone Scanning Services, and Ced Wise AB Services for both the Callandoon Angus and Broad Leaf Santa Gertrudis bulls to produce consistent data for Supplementary Sheets.

Both of these businesses are recognised across the industry for their experience and the integrity of their data. Thus, our buyers can purchase with confidence, knowing these bulls are verified fertile and sound for breeding.

All Broad Leaf Santa Gertrudis bulls are bred to perform and we welcome any feedback on your selections, to continue the advancement of our sire offering.

Please join us on the 11th of September as we present an outstanding line of quality bulls, and invite you to enjoy a beverage with the sale team upon the conclusion of the event.

We look forward to catching up and wish you well with any purchases.
Tim, Trina, and Family

WELCOME - BROAD LEAF SANTA GERTRUDIS

Broad Leaf Quinton Q43 (P)

Sire: Rosevale Jackaroo J566 (P) **Dam:** Broad Leaf M89

An AI son of Rosevale Jackaroo J566 (P). Dark red coated thick set bull with a very quiet nature. He has consistently passed this quiet nature and a good work ethic onto his progeny, with another good line of weaners this year.

Represented by Lots 1, 2, 9, 11, and 12.

Greenup Noble N268 (PS)

Sire: Greenup Fitzgerald F144 **Dam:** Eidsvold Station D641

By Greenup Fitzgerald out of a cow that first calved as a 2yr old and had 9 calves. Growth, scrotal size and carcass are a feature.

Represented by Lots 5, 19, and 22.

Greenup Juggernaut J274 (PS)

Sire: Greenup E294 (P) **Dam:** Greenup December D95 (P)

Juggernaut, now deceased, was a quiet bull with a good balance of performance across all traits. He has had a big impact on our herd. Great semen quality and quantity, producing heavy, fertile cattle.

Represented by Lots 10, 15, 31, 41, and 45.

Broad Leaf Massey M125 (PS)

Sire: Broad Leaf Fergus F40 **Dam:** Broad Leaf J31 (P)

Massey has been a consistent producer of quality cattle. A very quiet, moderate framed, polled scurred bull. A son, Broad Leaf T78(P), has been retained from this year's draft.

Represented by Lots 7, 23, 30, 34, 43 and 44.

Rosevale Kingswood K296

Broad Leaf Quinton Q43

Strathmore Nullarbor N644 (PP)

Sire: Strathmore Jazz J276 (P) **Dam:** Strathmore E89 (P)

Nullarbor, now deceased, combines the genetics of Tyndale Noddy, Wave Hill Major, and Yarrowonga Matrix. All sires that have had a big impact on the Santa Gertrudis breed. He is out of a cow that calved at 26mths and had 7 calves in 7 years at time of purchase.

Represented by Lots 8, 13, 14, 16, 17, 18, 26, 28, 32, and 33.

Rosevale Kingswood K296 (PS)

Sire: Wightfield Downpour G21 (P) **Dam:** Rosevale Jade E407 (P)

Kingswood has a strong pedigree of performance on both his sire and dam lines. He is the sire of Broad Leaf Nottingham N522 (P), another of this year's sale sires.

Represented by Lots 4, 21, and 29.

Greenup Lockyer L120 (PP)

Sire: Dangarfield Tycoon (P) **Dam:** Greenup Asha A93 (P)

Lockyer is by Dangarfield Tycoon who produced generations of good quality cattle at Greenup/Eidsvold Studs. He is a large framed bull with an exceptionally quiet nature. Greenup Asha (P) has 11 naturally sired calves recorded. Two of Asha's bull calves were kept as stud sires in the Greenup herd.

Represented by Lots 37, 38 and 42.

Broad Leaf Nottingham N522 (P)

Sire: Rosevale Kingswood K296 (PS) **Dam:** Broad Leaf D190 (P)

Nottingham has grown into an impressive bull. He is thickset with a dark red coat and quiet temperament.

Represented by Lots 6 and 36.

Broad Leaf N119

Sire: Rosevale Hockenheim H196 (P) **Dam:** Gyranda A545

A very correct bull with great breed character. Broad Leaf N119 is out of a grand old cow, purchased from Gyranda as a PTIC heifer, raising a calf every year before being culled at 15yrs.

Represented by Lot 3.

Gyranda K632 (PS)

Sire: Rosevale Battalion F446 **Dam:** Gyranda E807

Represented by Lot 20.

Gyranda Ryder R544 (AI) (PP)

Sire: Rosevale Jethro J208 (AI) (PS) **Dam:** Gyranda L201 (P)

Purchased at the 2021 Gyranda sale, offering a good balance of performance across all traits, with a great tropical coat. He introduces Rosevale Jethro J208(PS) genetics into our herd.

Rosevale Quinn Q196 (PP)

Sire: Rosevale Major L520 (ET) (P) **Dam:** Rosevale Aurora H175 (P)

Purchased in 2020, Rosevale Quinn is an upstanding bull who combines high growth and fertility with a great tropical coat.

Rosevale Starsky S58 (PP)

Sire: Rosevale Panama P372 (PP) **Dam:** Rosevale Patricia P283 (P)

Purchased in 2022, Starsky has a balance of high growth, muscle and finish in combination with solid fertility traits and a quiet temperament.

Broad Leaf Nullarbor R91 (P)

Sire: Strathmore Nullarbor N644 (P) **Dam:** Broad Leaf M144

We kept R91 to carry on the line of Strathmore Nullarbor, after losing this bull to injury. Very correct functional bull with good carcass.

LOT 1 BROAD LEAF TRINITY T15 (PP)

DOB 05-01-2022 AGE: 20 MONTHS CLASSIFIED: S

Sire: Broad Leaf Quinton Q43 (P) Sire: Rosevale Jackaroo J566 (P)
 Dam: Broad Leaf M89

Dam: Broad Leaf N45 (P) Sire: Broad Leaf Fitzroy F41
 Dam: Broad Leaf 30

Note the age of this bull, one of the youngest in the Broad Leaf draft. Super quiet temperament, neat sheath, a good balance of muscle, softness, and eye appeal, backed by a fertile dam. Broad Leaf N45 has had 5 calves in the last 5 years. She is currently PTIC and is still active in the herd.

Sire: Broad Leaf N119 Sire: Rosevale Hockenheim H196 (P)
 Dam: Gylanda A535

Dam: Broad Leaf P252 (P) Sire: Multiple
 Dam: BTD Santa Cow

Another bull that caught our eye from an early age, good length, breed character, bone, a lovely mobile sire. Broad Leaf P252 (P) was graded up out of the commercial herd due to the quality of her calf. This is her first calf to come to sale, and she is PTIC.

 Dam: Broad Leaf M89

Dam: Broad Leaf N55 Sire: Broad Leaf Fitzroy F41
 Dam: Broad Leaf Rollie Polly (PS)

A bull we thought about retaining as a stud sire, a powerful bull with a huge hind quarter and plenty of softness. Like the previous bull he is a Fitzroy, Jackaroo cross. Rollie Polly was one of our heaviest weaners in her cohort, early maturing, easy doing, and fertile. Broad Leaf N55 has had 2 calves in the last 2 years and is PTIC again. She is still active in the herd. No records are available prior to this.

CALLANDOON

ANGUS STUD

We welcome you to our 3rd Combined Sale at Rolleston with joint vendors Tim & Trina Patterson of Broad Leaf Santa Gertrudis.

This year our bulls have done it a bit tougher than last year. After a good oats crop last year, we were disappointed to have a failed one (at this stage) in 2023. Our sale team of bulls came in off a frosted Buffel and Leucaena paddock to go on to hay and a grain preparation for the sale. They certainly won't be overdone and hopefully will be looking good; fit and ready to work.

Our Stud herd has been pregnancy tested with great results - 96% for older cows and 90% for first calf heifers back in calf. Maiden heifers were back a little this year at 85%. We place a big emphasis on the fertility of our herd with no free loaders.

All bulls will be semen and morphology tested by Ced Wise. They will also be fat scanned, and EMA sized. They will be vaccinated with 3 Day sickness, 7 in 1 and Vibrio as well as being dipped and ready to clear into clean areas.

We are moving along with EBV's, but as we are in our first year, EBV's will often be low and less accurate, due to lack of information on the database. But we pride our Stud on fertility, balance and walking ability. We look for sires with length, depth and neck extension as well as good sloping shoulders for ease of calving. In the last three seasons we have only lost two heifers calving.

We thank Rolleston Livestock Selling Complex for providing us with a great venue for selling, as well as a great little canteen where you will be able to get a decent burger and delicious snacks.

Thank you for your interest in our bulls. We look forward to helping you with your selection this year.

Glen McKinlay and Team Callandoon

Burenda Specialist P976

Sire: Burenda Specialist L921 **Dam:** Burenda Helen M932

The first of this sire's progeny are in the sale this year. He has 14 bulls in the sale out of 40 cows joined which is an impressive effort. He is a very easy doing bull.

Gilmandyke Gamma Gria N247

Sire: Premier Guardian J12 **Dam:** Gilmandyke Gamma Gria E105

N247 has a lot of depth and thickness. There will be more of this fellow's progeny in the next year's sale.

Kansas Evidently N7

Sire: Kansas Evidently J81 **Dam:** Kansas Rocky K66

N7 was top price bull from Kansas Angus. He has bred well for us. He is quiet and easy to handle. He has 7 bulls in the sale.

Gilmandyke Guardian N12

Sire: Premier Guardian J12 **Dam:** Gilmandyke Bonny K0012

N12's sire, Premier Guardian, is by SAV Network, one of USA's top Sires. He is very quiet and easy to work with.

Dulverton Pierro P070

Sire: Esslemont Lotto L3PV **Dam:** Dulverton Quinto K020

P70 has very good breeding. He was top priced bull at the 2020 Dulverton Sale. He is a special Lotto son. He had a high muscle score, is very mobile and fitted in well at Callandoon. He has 9 sons in the sale.

Dulverton Peter Pan P058

Sire: Spring Cove Gentleman Jack **Dam:** Dulverton Annie G057

P58 was used by Dulverton as a yearling. He was the heaviest muscled bull in the Dulverton Sale that year, (2020). He has coped well in the Callandoon conditions. 9 bulls of his progeny are in our draft this year.

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- (c) A buyer is bound by these terms and conditions by bidding at auction.
- (d) **Competition and Consumer Act (Cth) 2010**
It is unlawful for parties that are, or otherwise would be, in competition with each other to make, or give effect to, a contract, arrangement or understanding that contains a provision relating to:
 - i. price-fixing; or
 - ii. restricting outputs in the production and supply chain; or
 - iii. allocating customers, suppliers or territories; or
 - iv. bid-rigging; or
 - v. collusive bidding.

Large fines and other sanctions may be imposed for unlawful conduct.
2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors and agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
- (b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.
3. The following applies in interpreting these terms and conditions:
 - (a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent.

Livestock means animals auctioned pursuant to these terms and conditions; and

Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions

 - (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
 - (ii) plus any GST added in accordance with clause 12.
 - (b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
7. Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.
9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.
10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
 - (a) the purchaser's name; or

- (b) the bid card number which identifies the purchaser; or
- (c) the name of the person on whose behalf the successful bid was made; and
- (d) the Property Identification Code (known as the "PIC") of destination.
12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for these sales subject to GST.
13. The vendor warrants:
 - (a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
 - (b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract including payment.
14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.
17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
- (b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
- (c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.
18. (a) Subject to this clause the sale is complete on the fall of the hammer.
 - (i) delivery is taken by a representative of the buyer;
 - (ii) departure of the animal from the purchaser's delivery pen; or
 - (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.
- (c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
- (d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
- (e) This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This subclause does not apply if the agent makes an announcement to that effect prior to sale.
19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.
- (b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the

- vendor or agent in respect of such error or misdescription can be made after that time.
- (c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.
- (d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
- (e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
- (f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by presale catalogue and/or announce the status prior to the offering of those lots.
20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:
 - (a) does not acquire title to the livestock;
 - (b) holds the livestock as bailee only for the vendor;
 - (c) must act in a fiduciary capacity in its relationship with the vendor;
 - (d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
 - (e) is responsible for the safety and well being of the livestock;
 - (f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
 - (g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.
21. The purchaser agrees that:
 - (a) Clause 20 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);
 - (b) The Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
 - (c) The Livestock are collateral for the purposes of the PPSA;
 - (d) to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and
 - (e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract
22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
- 23.1 Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.
- 23.2 The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.
- 23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
- 23.4. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
 - (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
 - (b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment, under these terms and conditions (whether in the vendor's name

- or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
- 23.5. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
- 23.6. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
- do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
 - appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.
- 23.7. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.
- 23.8. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
- by this clause 23, other than as it expressly provides; or
 - by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.
- 23.9. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.
- 24.
- The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.
 - In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.
 - Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.
- 25.
- The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.
 - The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE – VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer

- and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:
- pass government and other regulatory authority requirements and inspections at the time of slaughter;
 - are of merchantable quality;
 - carry an NLIS device in accordance with State law;
 - in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
 - all information in any document provided by the vendor is true, complete and correct in all material respects.
28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.
29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:
- the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
 - the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:
- any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
 - any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
 - any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by government. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the relevant government certificate, existed prior to the fall of the hammer.
35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:
- a certificate is issued by government which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
 - the certificate is received by the selling agent either in its original form or by fax or electronic communication in the form of data, text or imaging by 5:00pm on the 7th day after the fall of the hammer; and
 - if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.
37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of bruising, fever, partial condemnation or emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY LEGISLATION
NSW Property, Stock and Business Agents Act 2002. Warnings

Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- to abstain from bidding; or
- to bid to a limited extent only; or
- to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices.

The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmania Legislation. An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

WA Auction Sales Act 1973 s31 NOTICE.

It is an offence to:

- induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- abstain or agree to abstain from bidding as a result of such a promise;
- knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
- enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.
