

MURGONA
Santa Gertrudis
Invitation Sale

2023

WELCOME

It is with great pleasure that we invite you to the second annual Murgona Santa Gertrudis Invitation Sale. Rest assured, whilst our sale is in its fledgling years we aren't new to the stud stock scene. Murgona Santa Gertrudis was established in 1998 by Daniel Phillips and is currently operated on "Burradoo" in the Wandoan/Taroom District by Daniel, Kasey and our two children. We are focused on producing well-muscled, healthy, correct bulls with good constitutions and temperaments whose progeny will suit any market. We appreciate the benefits of poll cattle and are pleased to have catalogued 80% poll/poll scur bulls for your competition without sacrificing growth, breed character and bone. We are pleased to have Doorabeeba Santa Gertrudis joining us again as Invited Vendors. Murray & Susan have similar breeding objectives to us therefore we are confident their bulls will do well for our clients and fit seamlessly into the sale.

Penning these words annually is proving to be a great opportunity to acknowledge what we've achieved and to reminisce. It also magnifies just how quickly the seasons and markets can change. Significant price corrections across the beef industry this year, coupled with interest rate rises means it's more important than ever to be investing in quality genetics. Last year we wrote about the threat of FMD but thankfully it is still that, a threat. Further upgrades to the Taroom Livestock Selling Facility at the Showgrounds as well as the opening of the upgraded Sandy Creek Bridge on the Roma-Taroom Rd should ensure the sale runs smoothly this year. We greatly appreciate the continued support of Cyril Close and the TopX Roma team. Please visit the TopX Stud Stock website for all relevant sale information and links. We are pleased to offer outside agents a 3% rebate, conditions apply. AuctionsPlus will be operating as a buying option with full video and audio if you are unable to attend the sale in person.

Spring is going to be a very busy but enjoyable time for us and we would be delighted if you could join us at one, or both, of the following events;

- * Murgona Cattle Co Open Day
Sunday 27th August, "Burradoo" Wandoan, 9.00am – 5.00pm

- * Murgona Santa Gertrudis Invitation Sale
Friday 29th September, Taroom Showgrounds, 12 noon

We would like to take this opportunity to thank the friends, families and businesses who have supported us in the past and we look forward to seeing both old and new faces at this year's sale. If you have any enquiries, or wish to arrange a presale inspection, please do not hesitate to contact us or the TopX Roma team.

Kind Regards

Daniel, Kasey, Taylor & Brian Phillips

REFERENCE S I R E S

YARRAWONGA JUPITER J574 (P)

Jupiter (P) was purchased for \$44000 in 2014. He was virtually faultless in our eyes having a tidy sheath, good structure and impressive raw data. Jupiter (P) has bred a very consistent line while passing his docile temperament onto his progeny. We have sold 32 of his sons over the last 6 years to average \$8828. Jupiter (P) is now enjoying semi-retirement at Coulsonview Santa Gertrudis with his last Murgona progeny being offered this year.

WAVE HILL MOLTON M39 (PS)

We purchased Molton (PS) in 2018 at Santa Central. He has a great constitution and possessed impressive raw data on sale day including a DWG of 1.37, EMA of 142cm, Fat Scans of 16/10 and IMF of 6.1. His tropical coat, faultless temperament and large testicles also caught our attention. 12 of Molton's sons have sold through the ring to date for a strong average of \$15500. Molton is represented by 7 sons in this year's sale.

REFERENCE S I R E S

MURGONA LEGEND L34 (PP)

Legend (PP) is a son of the reputable Diamond H Penthouse (PP) and the first home bred sire we have ever kept. He has a strong sire's head while possessing the homozygous poll genes, stands on good bone, is well muscled with an exceptional EMA of 152cm, as well as a good temperament, tropical coat and large testicles. Legend (PP) was our heaviest weaner in 2018 at 430kgs and had an impressive DWG of 1.39 as a 2 year old. He is quickly proving himself with the quality and consistency of his progeny both male and female. 9 of Legend's first sons sold last year for an impressive \$16889 average with another 6 catalogued this year.

WACO PARKER P412 (P)

Parker (P) was Lot 6 at the sixtieth anniversary Yarrowonga Waco Sale. His dark tropical coat and good bone combined with strong figures made him very desirable in our opinion. After a season with the family's commercial cows we joined Parker (P) to our maiden heifers. We have been so impressed with the resultant progeny that we have decided to keep one of his sons, Murgona Parker [pictured left]. Parker Junior enjoyed success in the show ring this year and is now being joined to our maiden females. Sadly Waco Parker (P) had to be culled due to injury, therefore Lots 1 & 2 will be his only offering.

REFERENCE S I R E S

DIAMOND H TIMBUKTU T272 (P)

Purchased at the Diamond H Sale in 2018 Timbuktu (P) demonstrated strength of spine and an ideal hip to pin and tail set. His raw data was also pleasing at 1021kgs with a 1.18 DWG, 14/10 fat scans, 142 EMA and 40cm SC. Timbuktu (P) has been used extensively in the family's commercial herd as well as being joined to our maiden females in the winter of 2021. He is represented this year by 3 young sons, Lots 37, 38 & 40.

JAMALLY PRINCE P16 (P)

Prince was purchased in 2019 for his large frame, good structure, clean sheath and quiet temperament. He was given the unenviable task of covering our commercial herd at Charleville during the drought. Prince (P) got a reprieve in 2022 when he and our commercial herd returned to "Burradoo". Last season Prince (P) was again joined to our commercial Santa females while the crossbred contingent have become recipient females for our embryo transplant programs. Prince (P) is represented by Lot 8 in this year's catalogue as well as having 2 weaner bulls on oats.

FUTURE S I R E S

YARRAWONGA QUAKE Q990 (ET) (PP)

Yarrowonga Quake (PP) was purchased in 2021 for \$55000. He has the desirable Homozygous Poll trait along with a tidy underline, smooth coat, structural soundness, good temperament and a strong muscle pattern. This coupled with good breeding and outstanding raw data of 1010kgs, 155cm EMA (the largest in the 2021 Yarrowonga offering), 41cm SC & 90% morphology at 28 months of age sees Quake (PP) tick almost all of our boxes. Quake (PP) has a great constitution whilst being a prolific breeder. In his first season he was single sired to 50 females who returned a 98% pregnancy rate. The majority of Quake's progeny are born small before growing rapidly. They are proving to be very consistent in appearance and we look forward to watching them grow.

REFERENCE S I R E S

HARDIGREEN PARK VICTORY (PS)

Purchased at Santa Central in 2019. He is a half-brother to Hardigreen Park Universe (PS) purchased in 2018. Both bulls sired by Drensmaine Apex. We have retained many females by these two bulls and they have produced a good line of sale bulls. Victory (PS) is a large framed, dark bull with an exceptional temperament.

MUNNABAH MAXIMUS (P)

Purchased at Santa Central in 2019. Maximus has been used successfully over cows and heifers and produced a solid line of sale bulls as well as females retained in herd.

BULLAMAKINKA Q112 (PS)

Purchased at Santa Central in 2020. Q112 exhibits plenty of breed character and a lovely nature.

DIAMOND H WIZARD (PP)

Purchased in 2020 at Santa Central. Sired by Wave Hill Jackal. Wizard (PP) is a good boned homozygous poll with a tidy sheath and good muscle.

REFERENCE S I R E S

MOONGANA KOKODA (PS)

Purchased in 2017 at the Moongana sale, Kokoda was a structurally correct bull with excellent thickness and bone. Kokoda was a keen worker and calf getter.

DOORABEEBA P86 (P)

Was retained in herd , used, then leased and sold privately. P86 (P) was a good framed, dark, polled bull.

IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
 2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
 3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
 4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
 5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
 6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
 7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
 8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
 9. (a) PAYMENT – Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two per centum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.
 - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
17. GUARANTEES OF FERTILITY:-
- 17.1 BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.
- 17.2 FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- 17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
- 17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- 17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
- 17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
- 17.4 LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.
- 17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.
- 17.6 This guarantee shall be voided by the purchaser if –
- (a) The animal is returned to the vendor –
- (i) in poor physical condition or with any injury;
- (ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or
- (b) the purchaser has collected and stored semen from a bull or embryos from a female.
- 17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.
- 18 (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
- (b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
19. DELIVERY – Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
20. In these Conditions:-
- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
- (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
- (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
- (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

IMPORTANT NOTICE

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy. All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur. The hammer price is exclusive of GST but GST will be applied to the final hammer price and included on the invoice.

Managing your **PURCHASE**

Breeding a bull is a long term commitment, as is purchasing a bull! Due to the effort & expense involved for both parties we've compiled some useful tips so that you get the maximum benefit/return from your investment.

The Murgona herd is handled in a low stress manner by men, women & children, horses, dogs, motorbikes & ATV's, therefore we are confident they will fit seamlessly into your operation. As cattle are herd animals we encourage you to isolate your purchase as little as possible. Having stock prepared for your bull to go with upon arrival will assist in his transition. The selling and transportation process can be quite stressful on even the quietest of bulls, especially if they've been held and transported alone. Our cattle respect fences so you should feel comfortable letting your purchase straight out into the paddock with other cattle to 'settle in'.

Doing ability is one of our selection criteria. That coupled with the fact that we feed our bulls for a long working life means that they do not require 'letting down'. Young bulls are still growing however, and cutting teeth, so you can expect them to lose weight faster than mature bulls when put to work. It has been well researched & documented that the condition & health of working bulls is critical to the production of quality sperm. Hence we encourage you, if it's possible, to look after your young bulls following their first mating season. This could be as simple as putting them on good quality pasture, maintaining their vaccination program and treating them for parasites.

Ideally you should mate young bulls together. Older bulls tend to dominate young bulls and this can lead to injuries as well as a lack of offspring from your newly acquired genetics. If an accident or injury does occur we encourage you to seek veterinary advice and commence treatment ASAP.

All the bulls in this draft are guaranteed breeders. Please be aware that changes that cause stress like transportation, alterations to diet, weather & environment as well as different handling techniques & personnel along with mixing with strange stock, especially bulls, can all have an effect on bull fertility.

We are confident we have done everything in our power to prepare your new bull for a long successful working life. We encourage you, however, to insure your bull/s (a WFI representative will be onsite) and follow these basic tips to safeguard your investment. We wish you every success with your purchase/s. If we can be of any further assistance please don't hesitate to contact us.
